

# DTU CANCELLATION POLICY

Keeping all new event health and safety guidelines in mind, we have updated our Refund Policy for the 2020-2021 Competition Season.

## **Regional Competitions:**

If Dance Team Union cancels a regional competition or if school and local guidelines prohibit teams from attending a regional competition, registration fees will be refunded by check within 7-10 business days or credited to the registered account based on team preference.

## **National Championship:**

If Dance Team Union cancels the National Championship, registration fees will be refunded by check or credited to the registered account based on team preference.

If Dance Team Union decides to make the National Championship virtual, teams with already existing registrations will be transitioned to the virtual event. Funds already paid toward original invoice will be credited towards a new invoice with adjusted virtual pricing. Any additional funds will be refunded by check or credited to the registered account based on team preference. For teams who choose not to compete in the virtual version of the National Championship, registration fees will be refunded by check or credited to the registered account after a consultation with the DTU office.

If local or school health guidelines prohibit teams from attending the National Championship, whether hosted in person or virtually, a consultation with the DTU office will be held for the best outcome for both parties. Documentation from local or school officials must be provided to DTU in order to cancel registration.

If the cancellation occurs:

**MORE THAN 30 days** before the Championship, registration fees will be refunded by check or credited to the registered account based on team preference.

**WITHIN 30 days** of the Championship, a full refund by check may not be possible due to third-party requirements. In this case, any amount not refunded will be credited to the registered account.

For other cancellations unrelated to COVID, normal cancellation fees will apply. See below.

Prior to March 1st: \$100 per person

On or after March 1st: Full forfeiture
