

# REGIONALS

Our DTU Regional Competitions will be a hybrid event that combine in-person recording sessions and a live streamed show. Regional competitions scheduled for 2021 may have the opportunity to transition to our traditional regional format. Check our website often to see if your location's regional format has changed!

## HERE'S HOW IT WORKS

After you register for a regional competition, DTU will create a schedule for the on-site portion of the event. Teams will be assigned time slots at which they will arrive to the event.

Teams will rotate through stations and there will only be one team at each station at a time. Teams will be allotted time to prepare costumes and warm-up before performing each routine. After the on-site portion of your regional competition, you will be emailed your video recordings along with voice critiques from our judges.

About one week after the on-site portion of the event, DTU will air a FREE live stream of all the recorded routines. There will be a master class after the event followed by the awards ceremony. Your awards will be shipped straight to you! You will receive a breakdown of the scores after the live streamed event.

Note that we will need a signed medical waiver from all dancers and coaches before you arrive to the event venue. Feel free to get a head-start on these! Head to our website to access the link to our medical waiver.

All new this year: DTU FAN VOTE! Let us help you fund raise for your program. Head to our website for more details.

## HEALTH & SAFETY

DTU will clean and sanitize each station regularly. No spectators will be permitted at the on-site portion of this event to limit personnel on site. DTU will operate with a limited staff. There will be a sanitizing station for dancers and coaches to use at every station, as well as before and after entering the performance area. Everyone will be required to wear masks on site including dancers, coaches, DTU staff, and volunteers. Dancers may remove masks only while their routine is being recorded. Social distancing will be encouraged.
